

# Amity International School

Navi Mumbai

## Supply and installation of Acrylic surface for Basketball

**Date of project completion:** June, 2022

**Surface:** Acrylic Advantage System

**Base construction:** Asphalt

Amity International School, located in Navi Mumbai, provides its students with a holistic development through participation in diverse courses as well as sports activities. Amity's students have earned numerous national and international recognition in sports and other co-curricular activity.

We installed our Australian-made acrylic system by Laykold, official suppliers to the U.S. Open, amongst many others. This revolutionary and highly durable surface also provides unmatched force reduction technology. It is UV-stable, all-weather resistant and an energy-efficient court.

A complete solution was offered by Altius Sports which entailed the building of an asphalt base – this greatly increases the lifespan of the court and is softer on the ankles and knees – installation of the acrylic surface and also the basketball poles and hoops.

Our in-house engineers, installers and design team has the correct surface for all your sporting needs – be it basketball, tennis, athletics, football, cricket or hockey and many, many more. Here's to our love of the sport!
