

Chhattisgarh State Cricket Sangh

Raipur, Chhattisgarh

A complete turnkey project for indoor practice pitches

Project completion: November, 2022

Base: Plain cement concrete

Surface: TigerTurf Premier, TigerTurf TigerTest (cricket) and TigerTurf XP Pro 40 (outfield)

Chhattisgarh State Cricket Sangh is the governing body of cricket in Chhattisgarh state and is affiliated to the Board of Control for Cricket in India. To enhance the skill set of the cricketers, this bespoke indoor cricket practice arena was specially created.

TigerTurf is one of the few companies with a certified product from the English Wales & Cricket County Board and has a range made especially for cricket pitches alone. To lend variety, we used our TigerTurf Premier and TigerTurf TigerTest for the pitches and our unique patented yarn with HR formulation, TigerTurf XP Pro for the run-up. With 8 practice pitches, this is indeed an awesome facility.

TigerTurf Premier cricket surface is manufactured specifically for cricket pitches and installed for a wide range of playing situations - for match play, in the nets, indoor training facilities and to provide all-weather surface. TigerTurf TigerTest is perhaps the most versatile product in the turf industry and not only offers excellent bounce and swing but also spin and helps enhance skill and technique.

A turnkey solution was provided here from the laying of the turf to the installation of lights so that the arena may be put to use day and night, and cricket remains the winner. And when you have specially made cricket pitches from TigerTurf, you can be rest assured that your product has a much longer lifespan without the maintenance costs and a continuous playing experience.

We simply call it the love of the sport.
