

Friends Colony Club Ltd

New Delhi

Supply and installation of acrylic surface for tennis

Date of project completion: July, 2023

Surface: Acrylic Advantage System

Base construction: Asphalt

New Friends Colony is a posh residential colony located in south-east Delhi with a very sports enthusiastic community. They have their own sports club with football, cricket, tennis, badminton and other sports facilities.

We successfully installed two tennis courts using our Australian-made acrylic system by Laykold, official suppliers to the U.S. Open, amongst many others. Our ITF certified, highly durable surface provides unmatched force reduction technology. It is UV-stable, all-weather resistant and an energy-efficient court. Our unique force reduction technology protects the players' ankles and knees from heavy injury and fatigue and helps them to play with more confidence.

A complete end to end solution was offered by Altius Sports which entailed the building of an asphalt base – this greatly increases the lifespan of the court – installation of the acrylic surface and also the tennis poles and nets for both courts.

Our in-house engineers, installers and design team has the correct surface for all your sporting needs – be it basketball, tennis, athletics, football, cricket or hockey and many, many more. Here's to our love of the sport!
