

# Rustomjee Crown

Mumbai

*A complete turnkey project entailing design, base construction, product selection and manufacturing, supply and installation for a multi-sports arena and box cricket setup.*

**Project completion:** February, 2023

**Surface:** TigerTurf Premier & TigerTurf Volley Pro

**Base:** Dynamic stone base

Rustomjee Crown is a residential complex from the Rustomjee group. Since its inception in 1996, Rustomjee has heralded the rise of insightful design and eco-friendly construction. Through its diverse projects, it has delivered to global benchmarks and this commitment to excellence is converting millions of square feet of Mumbai into gated communities, premium townships, standalone landmarks and commercial spaces.

In this grand project we have constructed a box cricket setup along with a multi-sports arena. For cricket, TigerTurf Premier – a stand-alone cricket pitch specially manufactured in New Zealand – has been used. It is ideal for match play, in the nets and indoor training facilities. It provides for an all-weather, flat and free draining surface and is also ideal for bowler's run ups.

For the multi-sport arena, we have installed our non-infill, texturized monofilament, highly versatile TigerTurf Volley Pro, once again manufactured in New Zealand. Different colour yarns of Volley Pro have been used for line marking for different sports providing both comfort and safety at the same time.

Volley Pro is extremely durable, needs negligible maintenance and replicates a highly maintained grass court all-year round. It has excellent grip and traction and is a non-directional surface. Our TenCate yarn ensures that the surface doesn't shine under lights, regardless of the weather being wet or sunny.

If you are looking for a one-stop sports infrastructure solution, then look no further than Altius Sports as we have you covered. From design to manufacturing, supply to installation, base construction and accessories, we have it all.
