

St. Xavier's School

Raiganj, West Bengal

Supply and installation of 8 layers of acrylic surface for a basketball court.

Project completion: February, 2023

Surface: Acrylic

Base: Asphalt

St. Xavier's Raiganj was inaugurated on 1st June, 1999 and believes in the culture of Jesuit education that has aimed to make a society based on love, freedom, liberty, justice, equality, and fraternity. For improving students' mental and physical health, this school shows much enthusiasm for co-curricular activities, especially in sports and football, cricket, basketball, tennis, yoga, chess and karate play an active role in the all-round well-being of the pupil.

The existing basketball court in the school was of concrete and mosaic and in need of an urgent makeover. Altius Sports provided an end-to-end solution that entailed the removal of the existing mosaic court followed by the construction of an asphalt base before one could commence the installation of an acrylic court. The court was turned into a multi-sports facility with different line-marking colours used for tennis and basketball.

The acrylic surface is manufactured from premium quality 100% acrylic resins – a balanced solution of highly durable acrylic resins, UV-resistant oxide pigment and selected reinforcing fillers. An overall good value in terms of investment.

At Altius Sports, we offer a range of sports surfaces – from artificial turf to acrylic courts, athletic tracks to vinyl and interlocking tiles, we have it all. Our range of products is certified by most sporting bodies such as FIFA, FIH, ITF, IRB, ECB to name but a few.

And to top it all, our entire team is in-house and our services include design, construction, installation, maintenance and even equipping your facility with accessories and bespoke lighting.

We simply call it the love of the sport.
