Built exclusively for the owner of the KCT group, our surface matches the passion exhibited by him and naturally, the surface of choice was our Australian-made acrylic surface developed exclusively by the official suppliers to the US Open.

This ITF certified, revolutionary and highly durable surface provides unmatched force reduction technology, is UV-stable, all-weather resistant and an energy-efficient court. A complete end to end solution was offered by Altius Sports which entailed the building of an asphalt base – this greatly increases the lifespan of the court – installation of the acrylic surface, fixing the fences and light poles and giving the court a secure and professional look .

Our in-house engineers, installers and design team has the correct surface for all your sporting needs – be it basketball, tennis, athletics, football, cricket or hockey and many, many more. Here's to our love of the sport!
