

# D.Y. Patil Sports Stadium

Navi Mumbai

Futsal field for members

**Date of Project Completion** : December 2019

**Base Construction** : Concrete

**Surface** : TigerTurf Atomic Pro 40 along with cushioning, fencing, netting & lighting

D.Y Patil is one of the famous stadiums in Mumbai, well known for hosting international cricket matches, Indian Premier League matches, Indian Soccer League games as well as international football matches, local cricket tournaments and music concerts. They are also up there when it comes to contributing to the educational and health sector, offering various professional courses and treating people.

They needed an enduring, safe, durable and "natural" turf without any compromise on material, timeline for execution of project and quality of workmanship. Not only did Altius Sports fit the bill, but also was the only company with a futsal product with a guaranteed 20,000+ hours of play.

Atomic Pro uses yarn technology to provide the ultimate combination of advanced performance and durability. The fibre has been developed keeping in mind the many fields exposed

to constant wear. Its ribbed surface diamond shape makes for the most advanced ultra-durable, grass fibre within its respective market segment with resilience, increased comfort and safety as prime attributes.

The Atomic Pro series are not just certified for FIFA Quality & FIFA Quality Pro, but also as FIH Multisport. With its rigorous testing by certified laboratories under the most stringent of conditions, this product is brilliant for both the player and the owner of the facility. A 100% polyethylene monofilament with excellent mechanical tuft lock, Atomic Pro is indeed a great product.

Dr Vijay Patil, President of the Mumbai Cricket Association & owner of the D.Y. Patil Stadium, is all smiles when it comes to this wonderful facility, thanks to the true partnership of TigerTurf and Altius Sports.
