Ruchi Realty introduced the concept of "active living" in their flagship realty project in Kolkata, Active Acres, with a strong emphasis on both the Indoors and Outdoors.

The client's vision was innovation, high engineering and contemporary designs for their world class amenities and to include the concept of sports as a "lifestyle". This is where Altius Sports, along with their exciting range of products from TigerTurf, "pitched" in to create all the difference.

From an ITF 4 rated tennis court, to a professional cricket wicket; from a vibrant basketball court to a green putting and chipping surface, Altius Sports has lived up to the dream of the residents by providing them with a meaningful and balanced living space.

We simply call it the "love of the sport".
