

Friends Colony Club Ltd

New Delhi

Supply and installation of acrylic surface for tennis

Date of project completion: July, 2023

Surface: Acrylic Advantage System

Base construction: Asphalt

New Friends Colony is a posh residential colony located in south-east Delhi with a very sports enthusiastic community. They have their own sports club with football, cricket, tennis, badminton and other sports facilities.

We successfully installed two tennis courts using our Australian-made acrylic system by Laykold, official suppliers to the U.S. Open, amongst many others. Our ITF certified, highly durable surface provides unmatched force reduction technology. It is UV-stable, all-weather resistant and an energy-efficient court. Our unique force reduction technology protects the players' ankles and knees from heavy injury and fatigue and helps them to play with more confidence.

The tennis surface solution was offered by Altius Sports which entailed the repairing of their pre-existing asphalt base - this greatly increases the lifespan of the court - installation of the acrylic surface and also the tennis poles and nets for both courts.

Our in-house engineers, installers and design team has the correct surface for all your sporting needs - be it basketball, tennis, athletics, football, cricket or hockey and many, many more. Here's to our love of the sport!
