

Yuva Bharathi Public School

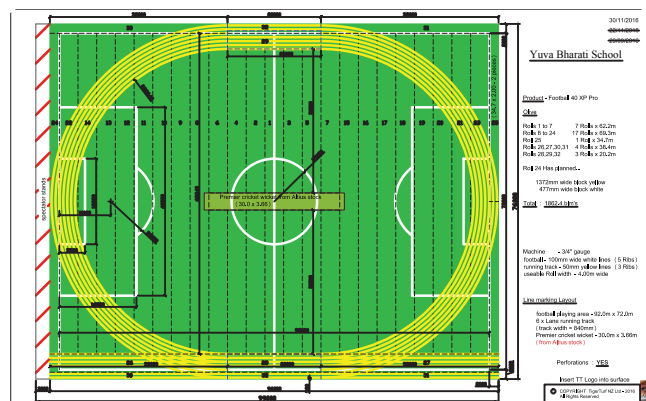

Coimbatore, Tamil Nadu, India

Full design and installation of a synthetic football field, along with line marking for a six lane running track as well as a synthetic turf cricket wicket in the middle.

Date of Project Completion: June 2017

Base Construction: Dynamic base (crushed rock porous base with sub-soil drainage) and concrete base for cricket.

Surface: XP Pro 40 with infill of sub-angular silica sand and a performance infill of SBR for football, including line marking for track along with a Premier synthetic cricket pitch for high-class performance

Yuva Bharathi Public School prides itself in developing the child both in the classroom and on the playground.. To do away with the stereotypical academic learning, the management of the school went the TigerTurf way to ensure that the students "learn in fun environments".

The school, naturally, wanted the best for its students and did not have to look far – Altius Sports & Leisure Pvt Ltd was at hand to provide a complete and durable solution. The XP Pro range was the automatic choice for the faculty, including the coaches, for this is the most technologically advanced yarn available today and has high resilience combined with suitability of play in extreme weather conditions. This surface also has the unique distinction of unlimited yarn warranty, regardless of footwear and what is more, remains cooler than all conventional yarns available in the world today – a must for climatic conditions in the Indian sub-continent.

The synthetic cricket wicket, ideally placed in the middle of the ground has been engineered such that you get both ball bounce and ball turn. It is hard-wearing, all-weather and highly durable. Needless to mention, the wicket-keeper batsman of the Tamil Nadu Ranji Trophy team, N Jagadeesam, inaugurated this world-class facility.

"Though the work was completed in four months, it took a lot of sweat and toil as well. The machines came into play and those involved in it worked day and night to get it done on time. We have always looked for quality in our infrastructure and only wanted the best for the children. It is certainly going to increase the sports performance of our children at various levels" said Geetha Jayachandran, the school's Principal.

Here's one more to our love of the sport.
