

# Chandrakant Patil English Medium School

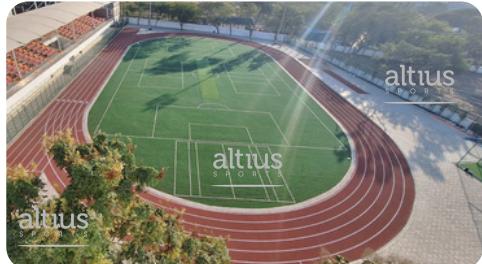

Kalaburagi, Karnataka

**Design, construction, supply, and installation of a 200 m athletic track with integrated football, cricket, and volleyball multi-sports surfaces in the center.**

**Date of project completion:** December, 2025

**Surface:** InterChemol sandwich system for the 200m athletic track, TigerTurf XP Pro 40 for football & multi sports and TigerTurf Premier for the cricket pitches.

**Base construction:** Asphalt for sandwich system track, dynamic stone base for multi-sports field and concrete for cricket pitches

The S.B. Patil Group of Institutions is a well-established, educational organisation committed to academic excellence, discipline and the holistic development of students with a balanced focus on education, sports and co-curricular activities. Under its umbrella, the Chandrakant Patil English Medium School (CBSE), Gulbarga, stands out for its modern teaching approach, strong value system, and emphasis on physical education, providing students with quality infrastructure and opportunities to excel both academically and athletically.

The recently concluded bespoke sports facility built by Altius Sports at the school includes a 200-meter athletic running track constructed using a sandwich system of InterChemol, Poland and is laid over an asphalt base, thus ensuring durability, performance and consistency. Positioned inside the track area is a cricket and football multi-sports field, thoughtfully designed to also accommodate volleyball and futsal, maximizing space utilization and versatility.

The recently concluded bespoke sports facility built by Altius Sports at the school includes a 200-meter athletic running track constructed using a sandwich system of InterChemol, Poland and is laid over an asphalt base, thus ensuring durability, performance and consistency. Positioned inside the track area is a cricket and football multi-sports field, thoughtfully designed to also accommodate volleyball and futsal, maximizing space utilization and versatility.

The multi-sports field is installed using TigerTurf XP Pro 40 has installed over a dynamic base, providing excellent shock absorption and playability across multiple sports. This system utilises the patented TenCate XP Blade+ yarn, the only yarn in the world sold with an unlimited "yarn-play" durability warranty and this is not only footwear friendly but also uses the TigerCool technology, making it ideal for the Indian sub-continent's climatic conditions. This natural looking football turf actually makes play possible 24 hours a day!

The cricket pitches have been constructed using TigerTurf Premier installed over a concrete base, ensuring consistent bounce and reliable playing conditions. A key advantage of TigerTurf's cricket surface is its durability and suitability for players of all skill levels. The outfield supports both cricket and football, allowing a cricket ball to race to the boundary while maintaining the optimal speed required for football – perfectly balancing both sports. Not to mention, player safety at all times.

This grand facility was inaugurated on the 24th of December 2025 in the presence of various illuminates, including Shri Chandrakant Patil along with former Indian cricket great, Shri Venkatesh Prasad and the rising star of Indian women's cricket, Smt. Shreyanka Patil.
