

Rajasthani Sammelan Educational Trust

Mumbai , India

Full build, manufacture and installation of a multi-sports facility including structure, nets and lighting for the various institutes of Rajasthani Sammelan & Pravinchandra D. Shah Sports Academy

Date of Project Completion: April 2015

Surface: TigerPlay

Base Construction: Plain Cement Concrete

The client's vision was to create an inviting, world-class multi-sports facility for its 14,000+ students enrolled in the various institutes of the Rajasthani Sammelan, thus, providing them with an all-round education.

Designed and conceptualized by Altius Sports, this premier facility has synthetic grass that is hardwearing, dense and is yet a soft-cushioned surface that is ideal for a variety of sports including tennis, futsal, basketball, handball, netball, hockey and badminton.

The existing field was hard and baked with stones during the summer months and almost impossible to play during the monsoons as the ground was filled with puddles and was slushy even after the rains were over. The challenge was to transform this unplayable playground into a lush, green and ever-inviting playing surface.

Further, owing to limited space, a multi-playing surface was conceived with playing lines in different colours tufted in, thus not taking away anything from the playing experience.

In the words of Mr. Ashok Saraf, President Rajasthani Sammelan Educational Trust: "Rajasthani Sammelan now has a fantastic facility that can be used no matter what the weather – rain or shine – and has also enabled the students to enjoy and excel in their sporting endeavours in the best possible manner".

This vibrant facility, supported by a skating/walking track along with seating arrangements for three hundred people, is not only enjoyed by the students but is also made available to the community on a pay-and-play basis. For further enquiries, contact us at +91 9004414522/4.
