

# The Calcutta Racket Club

Kolkata, WB

**Supply and installation of Australian-made acrylic surface for pickleball**

**Date of project completion:** May, 2025

**Surface:** ITF Certified acrylic system from the Official Suppliers to the U.S. Open

**Base construction:** Plain cement concrete

The Calcutta Racket Club, located in Kolkata, India, is one of the oldest club of its kind in the world, founded way back in 1793! It holds the distinction of being the first racquet club in the Indian subcontinent. Among its seven squash courts, two are glass-backed international-standard tournament courts.

The club also serves as the administrative headquarters of the West Bengal Squash Racquet Association, which is affiliated with the Squash Racket Federation of India. Over the years, it has hosted prestigious events like the Kolkata International Squash Tournament in 2005, and continues to be a hub for major squash training and events in Eastern India.

We installed two high-quality pickleball courts on a concrete base, complete with pickleball poles and nets. To ensure an exceptional playing experience, we used our Australian-made, ITF-certified acrylic surface system.

This surface not only meets international quality standards but is also UV-stable, highly durable and offers energy-efficient performance, enabling players to enjoy enhanced comfort and confidence during play.

The introduction of these new pickleball courts has greatly enhanced player satisfaction and engagement at the Calcutta Racket Club. The facility has seen a notable increase in bookings and participation, drawing more pickleball enthusiasts to the venue.

This project is a testament to our dedication in delivering world-class sports infrastructure and reaffirms our ongoing contribution to the advancement of sporting facilities across India.
